Innovative Filtration Solutions for Engines, Equipment and the People Who Use Them

- Industry-shaping technology – uncompromising product quality
- Trusted by OEs – preferred by the pros
- Broad Distribution Network – customers buy where they prefer
- Broad Product Coverage – air, lube, coolant and hydraulic filters and systems, plus exhaust, accessories and more
- Tremendous Value – the filters you need, when you need them
- Specialized Fleet Service – for the trucking industry

Complete Solutions for a Full Range of Trucking Applications

Fuel Filtration
- Expanded line of fuel filters protect engine components and extend equipment life.
- Includes a full complement of filters to fit Cummins® engines, Racor® fuel systems and DAVCO® Fuel Pro systems.
- TurboBrake™ valve turns the complicated task of removing water into an easy process.

Hydraulic and Transmission Filtration
- Offering a broad line of spin-on, cartridge-style and inline hydraulic filters – including high medium and low pressure options – that protect transmissions, machinery and components in hundreds of applications.
- Complex line of hydraulic accessories to accommodate virtually any mobile application.
- Donaldson Duramax® filters are the highest rated medium pressure filters available.

Lube Filtration
- Donaldson lube filters keep engine oil clean for capturing contaminants that can cause engine damage.
- With coverage for all range of popular engines, Donaldson lube filters exceed or exceed application requirements.

Coolant Filtration
- Donaldson coolant filters remove contaminants and maintain cooling system balance – helping to keep today’s hot-running engines cool and reducing downtime.

Mufflers & Exhaust Accessories
- For more than 50 years, Donaldson has been a leading supplier of exhaust systems, components and accessories for medium and heavy duty diesel, powered truck and equipment.

Air Filtration
- PowerCore® technology delivers improved filtration performance in a smaller package.
- Straight Through design for greater efficiency.
- Offers better engine protection with no media movement, expansion, contamination, or backing up.
- Combination enclosure makes servicing easier.
- Over 10 million sold, over 10 years in service on heavy-duty and medium duty trucks.
- A full line of air intake systems, replacement parts and accessories for new and retrofit applications – in a variety of styles, sizes, materials and performance specifications.
- Donaldson cab air filters improve air quality by removing allergens and pollutants before they enter the truck cab.

Extended Service Filtration Requires Superior Media

With pioneering technology – Synteq® media for liquid filters and Ultra-Web® nanofiber media for air filters – Donaldson Endurance™ filters trap higher volumes of fine contaminant while maintaining flow, protecting engines, extending service intervals and reducing downtime.

Donaldson Endurance™ Lube Filters with Synteq® Media
- Superior filtration for all filters – with Synteq media – deliver extended service intervals, improved lubrication flow, improved coolant performance and a higher level of engine protection to prevent engine wear and downtime.

Donaldson Endurance™ Coolant Filters
- Donaldson offers coolant filters allow you to extend filter life while maintaining colder temperatures.
- Donaldson Synteq® Media is engineered to encapsulate contamination while ensuring consistent, repeatable performance.

Donaldson Endurance™ Air Filters with Ultra-Web® Nanofiber Technology
- Ultra-Web® Technology from Donaldson Endurance Air Filters, featuring our advanced Ultra-Web® nanofiber technology, is the durable, repeat and designed to perform in extreme temperatures and humidity conditions.
- Donaldson Endurance™ Air Filters feature the latest technology to achieve the lowest emissions, they hold 100 times more contaminant than conventional standard air filters.
Your Total System Supplier

Count on Donaldson to have the right filters, mufflers and accessories for your engines and equipment. Our filtration solutions optimize on-road performance and reduce maintenance costs.

Complete Coverage From End to End

- Air cleaners and replacement filters
- Fuel filters
- Lube filters
- Additional and replacement filters and accessories
- Donaldson Endurance™ extended service air, fuel and coolant products
- Coolant filters and additive replenishment technology
- Air intake accessories—such as nose caps, rubber elbows and connectors, vacuum™ valves, stack extensions
- Mufflers
- Exhaust accessories—such as clamps and connectors, bellows and straight tubing, elbows
